

# “Let It Shine”

## DANCE & DRAMA CLASSES

“Let It Shine” is not your usual run-of-the-mill program, it features never before seen content that is designed to be both fun *and* accessible for NDIS participants!

*We don't do the Hokey Pokey or Bingo!*

Class numbers are limited as each participant will have a tailored experience based on their individual accessibility needs, and Support Persons are welcomed at no additional cost.

Each class is run by experienced and engaging industry professionals. So why not join both!
